

Great Sites For Kids

Some of the links on this page are ones which we have or will be using at school sometime this year, others are sites that I have come across that I felt would enhance or reinforce your child's learning. I will do my best to occasionally check links to be sure that they are still active, however sites do go down from time to time. If you encounter a dead link, please send me an email and I will track down the new location or remove it from our list. Have fun!!!

Math:

Addition Practice

- [Rocket Math practice sheets](#)
- [Addition-timed practice](#)
- [Jet Ski addition](#)
- [Speed Grid Addition](#)
- [Power Lines addition \(reasoning\)](#)
- [TutPup](#)
- [Fun Brain Addition](#)

Subtraction Practice

- [Subtraction fact timed practice](#)
- [Speed Grid Subtraction](#)
